### A small school opposite of our annex in Chirwa

#### July 14, 2016

Premlata Menaria received from our NGO a lot of gourds, pens boxes, games, and binders for all his Balivary Chirwa centre students.

#### July 11, 2016

We visited the centre of **Premlata Balivary**. It is a small school with 15 children from 3 to 6 years.

Director: Premlata Menaria, and helpers: Lakshmi Devi and Asha Pushpa Menaria

They have many posters on the walls, and the school material is released in a big iron box because the roof is leaking during the monsoon season. Missing just a few toys, bags and shoes.
