A very small government school in the middle of nowhere...

September 14, 2016

We came back in this Balivary for giving clothes, shoes and toys to all children and distributed all necessary to the parents.

July 11, 2016

We visited the Karalo Ka Gura Balivary / Shanta Menaria. We were welcomed, in their little class. There were 36 children from 3 to 6 years.

Mrs Rukamani cooks every day for the children and she is supplied with food by the SAG group.

Their needs are limited to basic, educational games (cubes, jigsaw and others), a few cars and dolls plastic, stuffed animals, and clothing and footwear for children from 3 to 6 years.
